

# STILETTO FIRE

## Current Song List

2020 – Q1-Q2

Stiletto Fire specializes in weddings and great parties where having the dance floor packed is our primary concern. We also perform at Casinos and Festivals where the focus is more on the audience sitting and "listening" rather than dancing.

With this in mind, we've split up our list into categories depending on what type of performance we are doing. Some songs are great crossovers and we perform them everywhere. However, to better understand what songs we would perform at what type of event, we've split them up into:

### **-Songs For Dance Floor**

*Proven to keep the dance floor moving*

### **-Songs Better Suited For Listening**

*More suited for when people are having drinks, sitting down, and are there to listen*

### **-Jazz Cocktail Songs**

*When we are performing for a dinner or a cocktail type event*

### **-Retired Songs**

*We've performed in the past – We could do them again if requested ahead of time*

### **-Christmas Songs**

*For Christmas performances*

You'll also see some groups of songs. We call them "Medleys". We perform these songs like a DJ Mash up. They are usually very shortened versions that only consist of about 1m-2min of the original song and then we seamlessly transition into the next song. It lets us perform many more songs. It also keeps the dance floor moving, and allows for no "dead space" in-between songs.
